#### ARTISTES BARCELONETA RESIDENTSE

The Barceloneta Civic Centre is a district facility that has developed an artistic project named Contemporary Barceloneta, associated with dance and contemporary art and offering a regular program of exhibitions and activities related to art. We primarily promote the production and display of local art activities, establishing bridges inside and outside the district. The recurrent theme of the exhibitions is based on trends, discourse and contributions of current art. The Barceloneta Civic Centre has invited artists to participate in the project Art Surprise:
